Strong Game of Coast Tennis Star Winning Backers at National Meet.

Newport, L. I., Aug. 23.-Of the 164 players entered in the twenty-ninth annual tournament of the United States Lawn Tennis association at the Newport Casino, only eight remained tonight. The fifth round was completed today and tomorrow will see the four matches in the sixth.

William J. Ciothier, who won the national William J. Ciothier, who won the national championship three years ago, defeating Karl H. Behr, met Behr today and again showed his superiority. Several predicted tonight that the lightning-like, smashing Pacific coast player, M. E. McLoughlin, was likely to reach the final round and to make matters inceresting for Ciothier. However, McLoughlin still has to meet R. H. Palmer and the winner of the Inman-Touchard match.

nament.

A. S. Brown, one of the committee of three which is handling the intermountain tennis tournament which will start at the Country club Saturday, yesterday received a fetter from Newport, R. I., in which Pacific coast cracks, accepted the invitation to stop over in Salt Lake.

Mr. Sinsabaug, who wrote the letter, said that M. E. McLoughlin, the coast champion, had made arrangements to return by the southern route, and as much as he would like to visit Salt Lake, it was impossible.

Both Bundy and Sinsabaug are known by the local tenhis players to be men of great ability and both are making fine showings in the national championships. Their visit during the intermountain championships will be a decided feature of the play.

The committee in charge has received word that a large deelgation of the Montana players will compete. As yet nothing has been heard from Denver and with the still persistent effort on the part of Colorado not to recognize Utah's athletic clafms, no Colorado players are expected. The tournament, however, will be a good one and will decide the intermountain champidonship.

one and will decide the intermountain championship.

### HERE ARE THE LEADERS IN THE LEAGUE RACES

With the clubs in the various ball leagues in the country at the three-quarter pole or better, the stretch running can be doped with a good deal of accuracy. At present in the two dozen leagues the leaders are all going strong, but they have got to finish strong to win. Here are the leaders as they stand:
